# ABOUT HEYCO

## Heyco Products

---

- Founded in 1926
- More than 90 years of experience in the development and production of plastic injection molding and metal components
- Global distribution and logistics centers
- Our goal: To produce and distribute our products of the highest quality while achieving the highest customer and employee satisfaction.

## Production & Development

---

- State-of-the-art injection moulding machines, incl. 2-component injection moulding
- Processing of all common high-tech plastic materials
- Modern and efficient high-speed stamping manufacturing
- In-house design – product development and prototype technology
- In-house, modern and highly equipped Tool-Shop
- Development and production of customized products

## Quality – Inspection

---

- ISO 9001: 2015 certified
- UL listing for all serial parts - REACH - RoHS & WEE - VDE - ATEX - DFARS- NEMA
- Complete inspection services and product testing services for all qualification requirements.
- State-of-the-art measuring technology, as well as recognized test equipment for UL and CSL.

## Sales & Service

---

- Extensive product range
- Global network of sales, service and support operations
- Support in the areas - logistics, project support, after-sales service, quality management.
- Technical advice and support - customized special parts
- Free sample service
- Logistics centers in USA, Europe and Asia.

# NEW PRODUCTS

## Shockproof Push Rivets (SPPR)

- New product-2 piece Rivet design
- New interlocking feature prevents Rivet from jogging loose.
- Removable-pry under head

## Heat Resistant Shockproof Push Rivets (SPPR)

- New product-2 piece Rivet design
- New interlocking feature prevents Rivet from jogging loose.
- Heat Resistant up to 374F (190C)
- Removable-pry under head

## Drive Fasteners (DF)

- Expansion: Additional materials added
- Nylon V2 and V-0 added to existing line
- Hollow body design increases flexibility, for easy installation.

## Drive Fasteners (DF)

- Expansion: Additional materials added
- Nylon V2 and V-0 added to existing line
- Hollow body design increases flexibility, for easy installation.

## Heyco Automotive Unscrewing Rivets (HUSR)

- Expansion: new sizes added
- Removable
- Phillips head drive

## HEYClip™ Nylon Push Screws (HPLP)

- Used to attach multiple panels to each other
- Can be used with wood, metal, foam, rubber and plastic
- Available in Black & Natural, 5-hole sizes

## Heyco Liquid Tight Break Thru Strain Relief (LTBSR)

- Cable Strain Relief (2K injection moulding Nylon/TPE) function as a Liquid Tight Cable Strain Relief / Cable Gland
- Flat Design - Height above panel is less than 4,0mm
- Simple Cable installation – due TPE Membrane
- Can be pre-assembled to the cable prior to installation (LTBSR can be installed at cable harness shops prior to cables shipping to OEMs).
- Quick & Easy Installation, without Tools – “Click-IN” Looking System – no screwing, no locknut
- 70% Assembly Time Saving vs. Cable Gland
- Max. Cable Strain Relief Force 155 Newton
- Ip protected IP 65, 66, 67, & IP 68 (25 Psi for 24 hours) / UL 514B
- cULus approval UL 514B & Flammability Rating UL 94-V0
- Standard Colors: Black, White, Light-Grey (RAL 7035)

# NEW PRODUCTS

## Heavy duty lock-it P Clamps (HDLCC)

- Max Bundle Ø from 9,5 to 76,0mm
- UV rated Nylon 6/6 V2; V0 will be offered
- Colors: Gray and Black
- Sizes 9,5 to 25,50mm offered in only Nylon
- Sizes 38,0 to 76,0mm include a steel screw mount tab that is insert molded.

**Larger sizes also include second mounting option inside the clamp area for anti-rotation.**

*Clamp provides the installer the ability to remove the wire bundle without removing the clamp from the enclosure!*

**Release Q4 2021** (Max Bundle Ø from 38,0 to 76,0mm)

**Release Q1 2022** (Max Bundle Ø from 9,5 to 25,50mm)

## Heyco Edge Clips (EC13\*\*,EC36\*\*)

### Markets/Applications

- Solar/Electrical
- Automotive
- HVAC
- White Goods

- For use in applications where traditional mounting methods such as holes or adhesives cannot be used due to environmental factors such as heat/humidity.
- Easily installs on plastic and metal with material thicknesses between 1-3mm or 3-6mm.
- Clip provides low insertion force and “barbed” teeth ensure a 220N Tensile strength on the Edge Clip.
- 2-pc. design ensures proper position of bundle assembly in relation to Edge Clip.
- Bi-directional mounting offers various cable tie orientations.
- Material: High Impact Modified Nylon (PA) 66, UV Resistant and Heat stabilized.
- Temp. Range: -40°C to 105°C, Flammability Rating: UL94 V-2.
- **Today available also PN 15214, the Single Piece Edge Clip wire tie!**
- Available also in Stainless steel
- Very Competitive pricing!

Heyco - Customer Solution Program - Customized Plastic & Metal Stamping Products

## Are you looking for a cost-effective and technical product solution?

Heyco - Customer Solution Program - our engineering develops and provide your customerspecific product requirements.

### Heyco - Customer Solution Programm - Your Advantages

- Cost-effective tool investment through - Heyco MUD Tooling System
- Analysis and concept phase on site
- Own R & D / development, as well In-House Toolmaking
- Efficient tool design
- Quality control
- Complete support from the idea to series production
- After Sales Service & Support Logistics

# ELEKTROZUBEHÖR: more than 65 years in close contact with the world of electrotechnics.

**Elektrozubehör is an Italian company that specializes in supplying quality products for the electrotechnical market.** Since it was founded, Elektrozubehör has been supplying only the best quality products which the world market has to offer, ranging from the simplest to the most particular product in a complete range of sizes, colours, accessories and variations.

**Elektrozubehör ensures a flexible and extensive order supply,** striving to meet the customers expectations to the fullest and guaranteeing the supply of any unique custom-made order to fit any unique necessity.

**Elektrozubehör also assures the utmost attention and care in every phase,** ensures full compliance with most international certifications and regulations and takes into account safety and prevention.

**Elektrozubehör has reached a milestone in 2019, celebrating 65 years in business!**

A long and eventful experience characterized by its dedication to work, constant commitment, challenges met and continuous targets which have been achieved throughout the years. Elektrozubehör's success is due to its policy of providing high quality products and personalized customer care and encouraging the company's strong and enthusiastic team to continue to be one of the most reliable point of reference for everyone operating in this field for many years to come.

**Elektrozubehör has evolved into a dynamic and modern company,** addressing the new competitive challenges of the new century and hence guaranteeing the full satisfaction of the customers in both the logistics and the technological field.

In the logistics field, a large and new department was established in Vimodrone (Milan) designed to carry an extensive inventory and enable orders to be processed in a faster and more efficient way. The new department also includes the renovated Point of Sale.

In the technological field, the Internet website has been completely reconstructed and is constantly being improved and renovated providing extensive information and a better surfing experience.

Elektrozubehör complies with the standard **UNI EN ISO 9001:2015** that guarantees an advanced corporate quality management system that strives to achieve a continuous improvement in company's performance and ensures the utmost customer satisfaction.
