

DOUBLE INSULATED PLASTIC CABLE BUSHES - "HEYCO" SERIES -

ITEM: S-750-5

Codice EZ: request the code from our sales office, **DOUBLE codice Heyco:** 2535.

Material: polyamide 6/6.

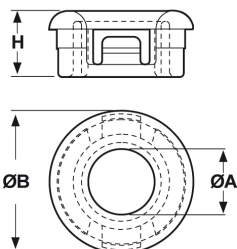

Color: black.

Use temperature: max +105°C

Flammability: flame retardant and self-extinguishing UL94-V2.

Features: these bushings have good resistance to chemicals and good electrical properties. They are internally equipped with an additional bush that prevents the fixing teeth from protruding inside the hole. They also have a rounded edge for greater protection of the cable in case of bends. They offer valid electrical and mechanical protection to cables, ropes and pipes. Thanks to the fastening teeth, these bushings snap into place and adapt to the thickness of the frame up to a maximum indicated in the table.

On request: for quantity, they can be supplied in white or in other colors on sample.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
