

BOCCOLE PASSACAVO IN PLASTICA - SERIE "HEYCO" -

ITEM: SB 625-500 BIANCHE

Codice EZ: request the code from our sales office, **BOCCOLE** codice Heyco: 2831.

Material: polyamide 6/6.

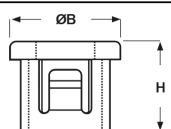

Color: black or white.

Use temperature: max +105°C

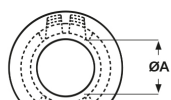

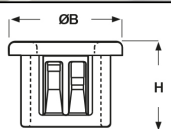

Flammability: flame retardant and self-extinguishing UL94-V2.

Features: these bushings have good resistance to chemicals and good electrical properties. They can be used to transform the sharp or irregular edges of the holes into smooth, smooth and insulated ones. They offer valid electrical and mechanical protection to cables, ropes and pipes. Thanks to the fastening teeth, these bushings snap into place and adapt to the thickness of the frame up to a maximum indicated in the table.

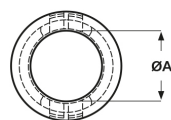

On request: some bushings are also available in gold color. Furthermore, for quantities, they can be supplied in other colors on sample
