

## TIES FOR QUICK APPLICATION

Material: polyamide 66.

Color: black or natural.

Use temperature: -40°C / +85°C (with peaks up to +150°C)

Flammability: flame retardant and self-extinguishing UL94-V2.

Features: these cable ties do not contain halogens and are suitable for universal use.

Thanks to the opening in the head and the thin profile of the tail, the closure of the strap is extremely fast and easy. Melting point: +256°C. The length is understood to include the head and tail of the strap.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
