FEET IN TPE

ITEM: 12-1310 TPE

Codice EZ: 133510, FEET SES-Sterling code: 01460020010.

Material: Halogen-free TPE.

Color: black.

Use temperature: -50°C / +125°C

Flammability: UL94-HB flame retardant.

Features: these feet are made of TPE, a thermoplastic elastomer with excellent characteristics. It is similar to rubber, but is generally used in place of PVC compared to which it is softer, more elastic and has greater resistance to low and high temperatures. The TPE feet have excellent resistance to low and high temperatures, have good resistance to water, ozone, atmospheric agents, acids, aqueous saline solutions, aliphatic and chlorinated solvents and detergents; they have a fair resistance to ketones, mineral oils and petrol and excellent resistance to aging. They are endowed with extreme flexibility and elasticity and good electrical properties. Furthermore, they do not contain halogens.
