

BRAIDED EXPANDABLE PLASTIC SHEATH IN COMPLIANCE WITH UL (UL94-V0)

ITEM: TCP-S 2.0 A

Codice EZ: 114106, BRAIDED Codice Heyco: 9013.

Material: PET.

Color: black.

Use temperature: -75°C / +125°C

Flammability: flame retardant and self extinguishing UL94-V0, FMVSS-302.

Regulations and Certifications: UR, CSA.

Features: halogen-free and very flexible even at low temperatures, this sheath adapts perfectly to any bundle of cables and even to irregular shapes. It dissipates heat and humidity and can expand in some cases up to double its nominal diameter. It has good resistance to breakage and abrasion, does not degrade, is resistant to petrol, UV rays, lubricants, hydraulic fluids, solvents and saline water. It is generally used in the automotive, electronics and naval sectors. For cutting it is advisable to use our THERMAL CUTTERS which, while cutting, simultaneously weld the ends of the wires, thus avoiding fraying. In any case, for greater protection of the ends it is always useful to use a sleeve or a cable tie.

On request: available in other sizes and in other colors.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.

ITEM	Nominal Ø mm	expandable up to Ø mm	pack mt.
