

RUBBER INSULATING SHEATH - "HELAVIA" SERIES -

ITEM: AM 0 BLU

Codice EZ: request the code from our sales office, RUBBER SES-Sterling code: 02100051

Material: neoprene 3490.

Color: black, white, blue, green, yellow, orange, brown, red, purple, gray, pink, light blue, yellow/green.

Use temperature: -30°C / +90°C

Flammability: flame retardant and self-extinguishing UL94-V0.

Features: this sheath offers good mechanical protection and good dielectric insulation.

It is very soft and elastic, has a medium resistance to oils, petrol, ozone and aging.

The two-color sheath is used for grounding identification. Up to the measurement with internal diameter of 7.5 mm it is treated internally with a lubricant that facilitates the sliding of the cables.

On request: the sheath with internal diameter from 10 mm onwards can be supplied with internal lubricant. Furthermore, for some sizes it is available in a new BS3858 type 1C certified version.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
