

PVC INSULATING SHEATH ITEM: PS 38 TRASPARENTE

Codice EZ: request the code from our sales office

Material: PVC.

Color: black, white, blue, yellow, red, green, gray, transparent.

Use temperature: max +70°C

Flammability: UL94-HB flame retardant.

Features: this sheath offers an excellent degree of insulation, has good dielectric characteristics and good flexibility.

On request: it is also available in brown, orange and purple. For quantities, a UL-compliant sheath is available, which is resistant to max +105°C, is flame-retardant and self-extinguishing UL224 VW-1 and is particularly resistant to oils. Furthermore, for quantities it is possible to produce sheaths with increased wall thickness and it is possible to supply each sheath in lengths of your choice.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
