COMPONABLE PLASTIC HOSE COLLARS ITEM: RQH AD13 GRIGIO

Codice EZ: 159752, COMPONABLE Flexa code: 15030025009.

Material: halogen-free polyamide.

Color: gray or black.

Use temperature: -40°C / +120°C

Regulations and Certifications: VDE (EN/IEC 61386-23), LLOYD'S REGISTER, GOST.

Features: these collars are very useful supports to fasten the pipes to the wall in a simple and fast way. They have rather small dimensions and, thanks to the corrugated profile similar to that of the pipes, they fit aesthetically well in any installation. The central hole allows fixing by means of screws, but they can also be mounted on metal rails according to DIN ("C" profile). Being internally equipped with ribs, which allow a very stable pipe seal, the collars can also be used without covers. However, if large pipes are used, it is advisable to use the RQHD type covers which increase the safety of the seal. Recently both the collars and the relative lids, in the AD42.5 and AD54.5 sizes, have been modified to make them more robust and effective. In fact, both have been widened, the thickness of the material has been increased and the internal ribs have been reinforced. The assembly fork type RQHV is used to assemble together several hose clamps; exists in one size only and can be used on all collars, from the smallest to the largest. Items in black color are UV resistant.
