

LUBRICANT FOR RUBBER AND SILICONE SLEEVES

Features: LUB 2 sleeve lubricant is a special, odorless, non-toxic liquid based on vaseline oil, which facilitates the assembly of the sleeves using our three-pronged pliers. It is contained in a 0.25 L can on the cap of which a brush is fixed, useful for lubricating the jaws of the pliers. This product is particularly suitable for mounting sleeves with larger dimensions.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
