

ADAPTERS FOR CABLE LOCKS - "HEYCO" SERIES -

Material: galvanized steel.

Features: these adapters are used to convert the mounting holes with $\varnothing 22.2$ mm into smaller holes suitable for the "HEYCO" series cable clamps or to allow the installation of the cable clamps on very thick frames. To facilitate fastening to the frame, by means of the two side tabs, the specific gripper A-10 CALIPER is available.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
