

## PRE-INSULATED CHAIN POINTS ITEM: CED-C 010 S

**Codice EZ: 401672**

Material: tinned copper ferrules with polypropylene insulation.

Color: the color of the insulation varies according to the section of the conductor to be combined (see table).

Use temperature: max +105°C

Features: these ferrules are made of copper and electrolytically tinned to offer the best possible protection against corrosion. They are made with dimensions in accordance with DIN 46228/4. They are packaged in sticks of 50 pcs. each and are used in conjunction with suitable pliers. The inside of the "EasyEntry" type ferrules facilitates the insertion of the cable eliminating the risk of bending the wires.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
