

## FASTON FEMALE FULLY INSULATED - "EZ" SERIES -

### ITEM: F 1503 FLSF8 PVC

**Codice EZ: 431116**

Material: Tinned brass faston with copper reinforcement collar and with halogen-free PVC insulation.

Color: the color of the insulation varies according to the section of the conductor to be combined (see table).

Use temperature: max +60°C

Flammability: flame retardant and self-extinguishing UL94-V2.

Features: to ensure excellent surface protection, these fastons are subjected to an electrolytic tin plating treatment. They are also partially reinforced with an additional copper collar. The cable entry is of the "EasyEntry" type (funnel shape) to facilitate insertion and eliminate the risk of wire bending.

On request: for quantity, the 6.3x0.8 fastons with the dimension "for male fastons" can be supplied with halogen-free PA 66 insulation (max +90°C).

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
