

PRE-INSULATED FLAT PIN TERMINALS - "EZ" SERIES -

ITEM: F 1530.14,5 SFB PVC

Codice EZ: request the code from our sales office

Material: tinned copper cable lugs with halogen-free PVC insulation.

Color: the color of the insulation varies according to the section of the conductor to be combined (see table).

Use temperature: max +60°C

Flammability: flame retardant and self-extinguishing UL94-V2.

Features: to ensure excellent surface protection and to allow perfect crimping, these terminals are subjected to electrolytic tin plating and annealing treatments. The cable entry is of the "EasyEntry" type (funnel shape) to facilitate insertion and eliminate the risk of wire bending.

On request: for quantity, the terminals can be supplied with halogen-free polycarbonate insulation (max +115°C).

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
