

PRE-INSULATED MULTIPLE FASTON - "EZ" SERIES -

ITEM: F 2507 FLSH PVC

Codice EZ: 431047

Material: Tinned brass faston with copper reinforcement collar and with halogen-free PVC insulation.

Color: the color of the insulation varies according to the section of the conductor to be combined (see table).

Use temperature: max +60°C

Flammability: flame retardant and self-extinguishing UL94-V2.

Features: to ensure excellent surface protection, these fastons are subjected to an electrolytic tin plating treatment. They are also partially reinforced with an additional copper collar. The cable entry is of the "EasyEntry" type (funnel shape) to facilitate insertion and eliminate the risk of wire bending.

The drawing is indicative and the proportions may not correspond to the table or real dimensions.
