

## SCHEMA ARTICOLO

Articolo: BOL-CPR PG21.8.18,5 - Codice EZ: request the code from our sales office

06/12/2025

The drawing is indicative and the proportions may not correspond to the table or real dimensions.

| ITEM                | Gasket | thread pitch | thread value | Ø est. min - max cable mm | key mm | H1 mm | H2 mm |
|---------------------|--------|--------------|--------------|---------------------------|--------|-------|-------|
| BOL-CPR PG21.8.18,5 | -CPR   | PG           | 21           | 8 - 18,5                  | 30     | 28    | 7     |

|                                                                                                                                                                          |                                                                                                |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|
| Material: pressacavo in ottone nichelato, griffe in policarbonato, O-Ring in Nitrile 70 Sh A, -OTR in tefabloc 80 Sh A, -CPR in gomma 55 Sh A, -SAR in tefabloc 80 Sh A. | Gasket: -OTR (otturata con griffe), -CPR (a "cipolla" con griffe), -SAR (sagomata con griffe). |
| Use temperature: BOL-OTR -25°C / +120°C, BOL-CPR -25°C / +60°C, BOL-SAR -25°C / +120°C.                                                                                  | IP protection: IP 68                                                                           |

\* Item with POM jaws (-25°C / +95°C).

NB: if in the table, in the "key" column, there are two dimensions separated by "/" (example: 20/24), the first dimension corresponds to the HEAD of the cable gland, while the second to the BODY. In the case of a single size, it corresponds to both parties.
